

DTSC, Office of Pollution Prevention and Technology Development  
Presents

## Best Environmental Practices for Vehicle Maintenance

LOCAL  
LOGOS

The Office of Pollution Prevention and Technology Development (OPPID) is presenting a free 1/2 day workshop to local businesses on **P2 alternatives**, **compliance**, and **economic incentives** for the vehicle maintenance industry.

**Who should attend:** All vehicle service and repair facilities interested in lowering operational costs, reducing hazardous waste generation and lessening regulatory requirements through implementation of the workshop topics below.

### Workshop topics:

-  Aqueous parts washing for degreasing and brake cleaning.
-  Antifreeze recycling technologies.
-  Use of reusable spray containers to minimize aerosol container wastes.
-  Used oil management: reusable filters, oil analysis, re-refined oil programs.
-  Oil water separator maintenance and stormwater compliance.
-  Dry shop spill cleanup methods
-  Economic and compliance incentives for businesses.

### Vehicle Maintenance
